

Indian River County Junior Scientist Fellows Program

A Collaboration of FAU's Harbor Branch Oceanographic Institute and The Indian River Land Trust

About the Program

Junior Scientist Fellows will learn about land conservation and environmental issues facing the Indian River Lagoon under the mentorship of FAU Harbor Branch faculty and staff. Students will conduct team research projects that contribute to land management strategies at Indian River Land Trust's Coastal Oaks Preserve. At the conclusion of the program, students will have an opportunity to present their research at FAU's annual Indian River Lagoon Symposium.
